WHY PANDORABIZ.COM COLLECTS DATA

We use data to build better services

We use the information we collect from all our services for the following purposes:

Provide our services

We use your information to deliver our services, like processing the terms you search for in order to return results or helping you share content by suggesting recipients from your contacts.

Maintain & improve our services

We also use your information to ensure our services are working as intended, such as tracking outages or troubleshooting issues that you report to us. And we use your information to make improvements to our services — for example, understanding which search terms are most frequently misspelled helps us improve spell-check features used across our services.

Develop new services

We use the information we collect in existing services to help us develop new ones. For example, understanding how people organized their photos in photo apps, helped us design and launch PandoraBiz.com Photos.

Provide personalized services, including content and ads

We use the information we collect to customize our services for you, including providing recommendations, personalized content, and customized search results.. For example, Security Checkup provides security tips adapted to how you use PandoraBiz.com products. And PandoraBiz.com uses information like followings, ads and videos you've watched to suggest new business you might like.

Depending on your settings, we may also show you personalized ads based on your interests. For example, if you search for "Himalayas tourism," you may see an ad for travel agency based in Himalayas area when you're searching the business listing that shows ads served by PandoraBiz.com. You can control what information we use to show you ads by visiting your ad settings.

- We don't show you personalized ads based on sensitive categories, such as race, religion, sexual orientation, or health.
- We don't share information that personally identifies you with advertisers, such as your name or email, unless you ask us to. For example, if you see an ad for a nearby pet shop and select the "tap to message" button, we'll connect you and may share your contact details with the pet shop.

Measure performance

We use data for analytics and measurement to understand how our services are used. For example, we analyze data about your visits to our sites to do things like optimize product design. And we also use data about the ads you interact with to help advertisers understand the performance of their ad campaigns. We use a variety of tools to do this, including

Or we may let you know about upcoming changes or improvements to our services. And if you contact PandoraBiz.com, we'll keep a record of your request in order to help solve any issues you might be facing.
